This month marks the 25th anniversary of the launch of the Ilionalumni.com web site. In celebration, we now have a new pdf document courtesy of Bob Turley IHS 1967 and the Ilion Public Library. The document covers over one hundred years of Ilion football history.

Former Ilion High Athletic director and 1967 alumnus, Robert Turley, has created a pdf file which compiled all the football related pages from Ilion yearbooks. It also contains various newspaper clippings. Nice work, Bob!!!!

The document is a 45 MB file in pdf format. It can be viewed and downloaded. Use this link, which opens in a new browser tab, to access the file. - [Ilion Golden Bombers Football Team Records 1908-2012](#).

This has been made possible by the efforts of the [Ilion Public Library](#) to digitize all of its yearbooks. The Ilion High School Yearbook Collection contains ninety-two annual publications, from the earliest available yearbook in 1909 to 2013 when the district merged with Mohawk CSD.
